Operation

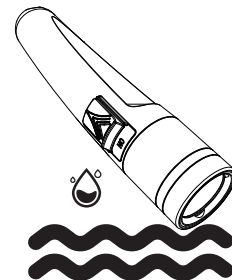

ONE BUTTON CONTROL
Easily turn the torch on/off and cycle through the modes by pressing the button.

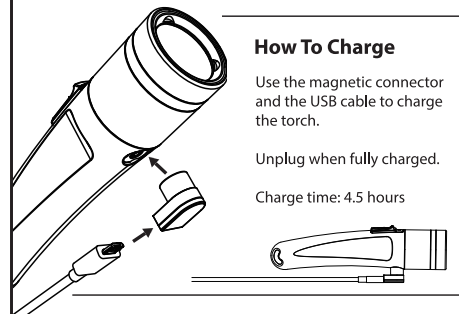

Safety Precautions

- DO NOT** shine the light directly into eyes. May cause temporary blindness or permanent damage.
- DO NOT** cover light head or place the light down on the ground when light is on. The radiation energy may cause damage to the light or result in burning other materials.
- DO NOT** leave the light in any type of fabric bag or plastic container under high temperatures.
- DO NOT** try to modify this torch in any way. Doing so will void any warranty.

Waterproof Design

100m
IP68
2000 Lumens

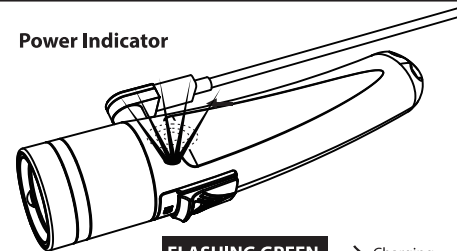

How To Charge

Use the magnetic connector and the USB cable to charge the torch.

Unplug when fully charged.

Charge time: 4.5 hours

Power Indicator

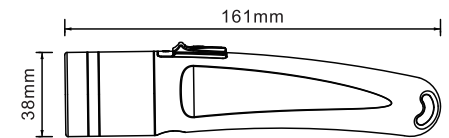

When in use the power indicator will start to flash green at the point the torch has approx. 50 minutes battery life remaining.

Important Notice

- Please make sure you only use the supplied magnetic connector to recharge the torch to prevent short circuiting and damage to the light.
- Do not try to change the battery, this is built in and if tampered with will damage the waterproof performance
- Clean the torch with fresh water after each use. Do not use cleaning agents that may damage. Clean with a soft cloth to avoid scratches.
- Do not attempt to modify or repair the torch. All repairs must be carried out by a trained technician.
